## International Human Rights Day

**SATURDAY, DECEMBER 10**

***"International Human Rights Day celebrates the U.N.'s adoption of the Universal Declaration of Human Rights in 1948 which marked a milestone in the history of human rights. For the first time, it laid out fundamental human rights for all, to be universally protected. The Declaration's fundamental proposition that each one of us -- everywhere and at all times -- is entitled to the full range of human rights, and that it's everyone's responsibility to uphold them. Take a stand. Defend someone's rights. Human rights belong equally to each of us. They bind us together as a global community. Each one of us can make a difference."***
